

SILVERFOX

1006A Magnifier Lamp

User Manual

Welcome to use this product! A0
Please read this instruction carefully before use.

1. Cautions:

- (1) Do not use in wet environments (like the bathroom). Clean your skin before operating.
- (2) Turn the power off after operation
- (3) Please disconnect the product from power source if it is not being used for a long period of time. Clean the lamp head and cover it properly for storage.
- (4) Please wipe the lens with soft lens cleaning paper when cleaning the lens. Do not wipe with cloth and paper of other materials, otherwise the lens may be damaged.
- (5) Please avoid direct light projection to the eye.
- (6) If the external soft power cable is damaged, it can only be replaced by the manufacturer, service agent or personnel with similar qualification in order to avoid hazard.
- (7) WARNING “” (IEC 60417-6042): The light source can only be replaced by the manufacturer, service agent or personnel with similar qualification.
- (8) Do not use alcohol or other organic solvent to clean the lens.

2. Instruction:

- This device mainly detects changes in the human skin surface by examining the various minor changes in the skin surface. Providing further effectiveness when operating beauty and care treatments.
- The magnifying lens can be used independently with the supporting stand or in combination with other devices.
- The magnifying function of the product can also be used for beauty treatments such as eyebrow and lips tattooing and eyelash grafting, etc.
- The device has an innovative design and elegant profile. It has a safety design to avoid injury by clamping during operation. The magnifying lens is made of ultra-white glass with 3 Diopter, better visual effect without phenomenon of distortion.

3. Technical Specifications:

- (1) See the table below for input power:

Rated Voltage (V)	AC 100-240V
Rated Frequency (Hz)	50/60Hz

- (2) Rated power and illumination: (illumination tested at a distance of 20cm)

Level 1: 2.5W, 950 LUX

Level 2: 3.5W, 1400 LUX

Level 3: 5.0W, 1900 LUX

Level 4: 7.0W, 2400 LUX

- (3) Net weight: 12.8kg

- (4) Gross weight: 15kg

- (5) Package dimensions: 83.5cm x 69.5cm x 13.5cm

4. Directions of Use:

- (1) Plug in the cold light lamp to a power source.
- (2) Turn the power switch to ON, flip the dust cover on the upper lid and aim the magnifying lens at the skin surface that needs to be examined or undergo beauty treatment.
- (3) Adjust the distance between the cold light lamp and skin (10~20cm will be a best visual effect distance) with proper brightness to achieve the clearest state. (Total 4 levels for adjustment, specific methods are as follows.)
- (4) Examine the skin or begin beauty treatment. Brightness can be adjusted during operation.

Brightness Up Brightness Down

5. Magnifying Lens:
