V₈ Crystal White

we like it colourful

The Luxura V₈ has a dazzling design that illuminates from the beautiful top to bottom. The smooth, high quality finishing –with no visible fastening materials emphasizes it's stylish appearance.

The Luxura V₈ includes the special Ambient FlowLight that brightens up the room with an inviting carousel of light, with one colour seamlessly flowing into the next. Alternatively, you can select a single colour tint so the V₈ perfectly matches the cabin, salon or mood. Ambient FlowLight accents the elegant design thanks to the V-shape of the doors and the accent lines along the bottom of the doors. Moreover, through use of a light element beneath the unit, it provides a visual 'floating' effect. Inside the cabin the Ambient FlowLight Panel creates a relaxing atmosphere between and during the tanning sessions.

The Luxura V₈ has two space saving doors which can be opened light and effortlessly. At the inside the comfortable non-skid floor ensures a secure stand.

For those who find it uncomfortable to enjoy a tanning session with closed doors: the clever design of the V₈ makes it possible to leave the doors a chink, half or even completely open while tanning.

³ Including MP3/smartphone connection, Bluetooth, Smartvoice, 4 external music channels, 3 loudspeakers, subwoofer and SD cards for 2 internal music channels (relax music, energetic music or program your own music).

Wellness tanning for all the senses. Whenever a pleasant atmosphere in the tanning tunnel is desired, Xsens will distribute a wonderful scent throughout the interior of the Luxura. It's like a breath of fresh air in the fragrances Ocean, Blossom or Sandalwood. Choose between Xsens I (one fragrance for your Luxura) and Xsens III (three fragrances).

Naturally refreshing. A wonderful, gentle mist is sprayed across the body at intervals.

Sound Around Plus* includes SD cards providing two extra internal music channels (relax music, energetic music or program your own music).

*SoundAround Plus for V₁₀ is excluding Bluetooth.

In addition to the four optional music channels from the SoundAround package, the user may plug in his own MP3 player, in order to enjoy his own favourite sounds.

A friendly voice will guide the user acoustically through the different functions. It will describe all possibilities, turning the tanning session into a veritable miniature holiday.

This positioning extra ensures an optimum tanning performance, because it will locate small and medium-sized users correctly to the tubes. Therefore, both the face and the feet will be perfectly positioned during the tanning session (for V₁₀ only).

High Power System: a special filter for the SLi facial tanner. For more efficiency, direct pigmentation, and a visual mirror effect.

The smart Bluetooth system allows tanners to easily connect their own smartphone or small tablet to the sound system for great audio experiences. This way they can instantly play their own music while tanning. No cables needed - simply play & tan.

The XL tubes, which have a length of two metres, ensure an even, all-over tan.

The fading colour flow with a nearly inexhaustible range of colours provides an extra sense of atmosphere.

The electronic ballasts - integrated as standard - ensure energy savings of at least 15% (for V₆ 44, V₆ 48 and V₈ only).

This Intelligent Power Control System guarantees, during the entire lifecycle of the tubes, an optimal output of 0,3 W/m² in conformance with the EU regulation. IP Control achieves a tube lifecycle of 1500 hours! Energy consumption of the tubes will reduce up to 25% (for V₁₀ only).

Sunny certainty

A choice for Luxura sunbeds is a choice for certainty. All the appliances meet the most stringent safety regulations and have the CE quality mark. Moreover, the appliances are carefully developed in accordance with the latest standards for tanning equipment. There's no better way to ensure responsible tanning!
