What A Difference!

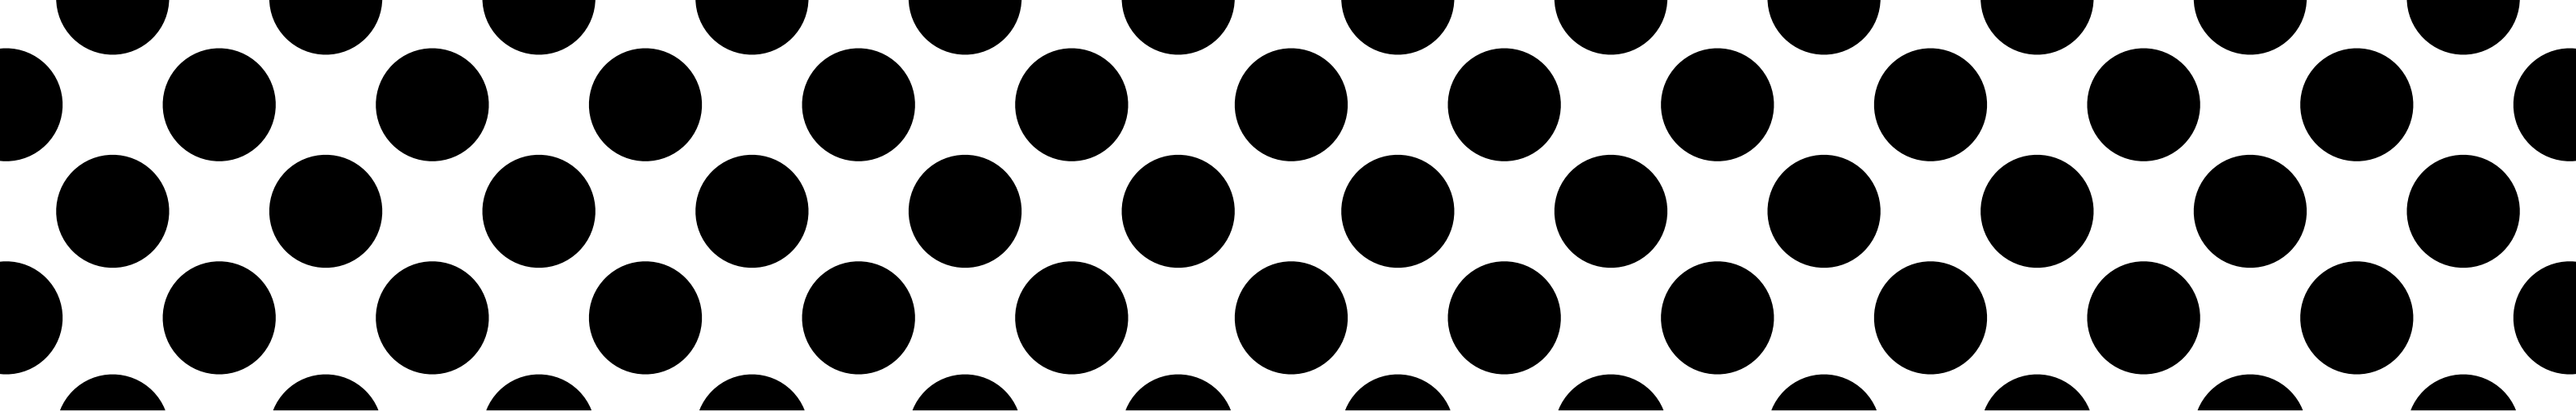

At WAD Professional Beauty we are experts in equipment and accessories for Hairdressing and Beauty professionals. But we are not just another brand. What is our main virtue? That we like to make a difference, to go one step ahead.

WAD is practical, universal, unique, different. It is innovation and technology. It is creativity and design. It is reliability and good performance. It is to make it easy but with a lot of personality. For all this and much more we are called WAD. What a difference!

4 Metal Combs
(15/3/4/5/6 mm)

High-Use
Time

- Cutting lengths 0.5-2 mm
- Life time 1000 hours
- Weight 286 g
- Noise 58-65 db
- Includes lubricant and brush

High Speed
Rotating
Motor

Helix

High power
High speed 7000 RPM
DLC blades

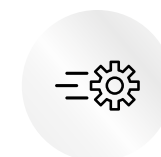

● BLACK
MODEL: TW004

Main Features:

High Power

High speed
7000 RPM

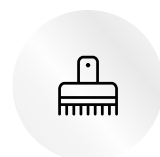

DLC blades

Charging
stand

Very long
lifespan

Metal case and
4 brushes

- Input voltage of AC/DC adapter 100-240 V
- Frequency 50/60Hz, 0,2 A
- Power 8 W
- Speed 7000 RPM
- Metal body

- DC motor
- 2000 mAh lithium battery
- 4 hours working time
- Charging time 3 hours
- DLC steel blades
- 3 plastic combs 1,5 / 3 / 6 mm

- Cutting lengths 0.2 mm
- Lifetime 800 hours
- Weight 220 g
- Noise 58-65 dB
- Includes charging stand, lubricant and brush

Nixe

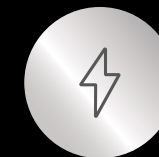

High power
Large capacity battery
Stainless steel blades

● SILVER

MODEL: TW003

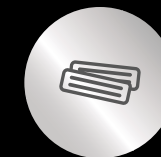

Main Features:

High Power

Large capacity battery

Stainless steel blades

High-Use Time

Led screen

4 Combs
(1.5/3/6/9 mm)

- Input voltage of AC/DC adapter 100-240 V
- Frequency 50/60Hz, 0,2 A
- Power 10 W
- Speed 7000 rpm
- DC motor

- 1800 mAh lithium battery
- 150 min usage time
- Charging time 2.5 hours
- 3Cr13 steel blades
- 4 combs 1.5 / 3 / 6 / 9 / 9 mm
- 0.2 mm cutting lengths

- Lifetime 500 hours
- Weight 171 g
- Noise <68 dB
- Slat temperature <50°C
- Includes lubricant and brush

Domi

High Power
Battery Charging Stand
440C Steel Blades

● SILVER

MODEL: TW001

Main Features:

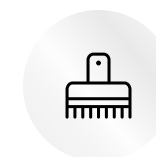

High Power

Battery
Charging
Stand

440C Steel
Blades

3 Combs
(2/3/4 mm)

High-Use
Time

High Speed
Rotating
Motor

- Voltage 100-240 V
- Frequency 50/60 Hz
- Rated Power 5 W
- Speed 6000 ± 200 RPM
- Metal body
- DC motor

- Lithium Battery 1400 mAh
- 2,5-3 hours of working time
- Load time 2,5-3 hours
- 440C Steel Blades
- 3 Plastic combs
- 0,2 mm cutting lengths

- Life time 800 hours
- Weight 202 g
- Noise 58-65 db
- Includes lubricant and brush

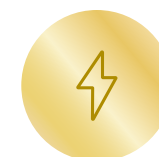

Paradix

High Power
Battery Charging Stand
Golden Blades 440C

 GOLD
MODEL: TW000

Main Features:

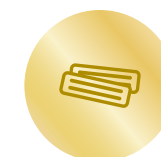

High Power

- Voltage 100-240 V
- Frequency 50/60 Hz
- Power 5 W
- Speed 6000 ± 200 RPM
- Aluminum housing tube
- DC motor

Battery
Charging
Stand

Golden
Blades 440C

- Lithium Battery 2000 mAh
- 3-4 hours of work time
- Load time 3 hours
- Golden Blades 440C
- 4 Plastic combs
- 0.2 mm cutting lengths

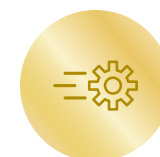

4 Combs
(15/3/45/6 mm)

High-Use
Time

- Life time 1000 hours
- Weight 176 g
- Noise 58-65 db
- Includes lubricant and brush

High Speed
Rotating
Motor

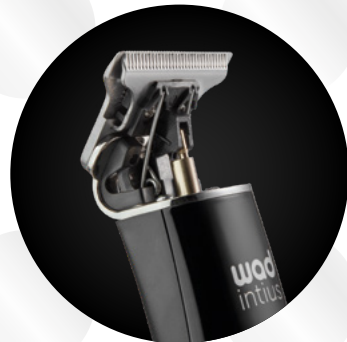

Intius

High power
Low weight
3 Combs (1/2/3 mm)

● SILVER

MODEL: TW002

Main Features:

High Power

Low weight

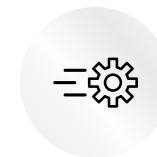

3 Combs
(1/2/3 mm)

Fast
charging time

Stainless
steel blades

High speed
rotating motor

- Input voltage of AC/DC adapter 100-240 V
- Frequency 50/60Hz, 0,2 A
- Power 10 W
- Speed 7000 rpm
- DC motor

- 600 mAh lithium battery
- 90 min usage time
- Charging time 1.5 hours
- 3Cr13 steel blades
- 3 combs 1/2/3 mm
- Cutting lengths 0.2 mm

- Lifetime 500 hours
- Weight 137 g
- Noise <68 dB
- Slat temperature <50°C
- Includes lubricant and brush

Triplex

Triple blade
High power
Lightweight

● BLACK
MODEL: HW002

Main Features:

Triple blade

High power

Lightweight

High
rotational
speed motor

Extended
lifespan

Stainless
steel blades

- Input voltage of AC/DC adapter 100-240 V
- Frequency 50/60Hz, 0,2 A
- Power 5 W
- Motor voltage 3V

- 1400 mAh lithium battery
- Includes VDE plug, support base, brush and storage bag
- 2 hours of working time
- Charging time 2 hours

- DC motor, 8000 rpm
- Stainless steel blades
- Nickel strips
- Weight 217 g
- Lifetime 800 hours

Esfir

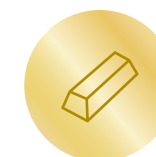

High Power
Includes VDE Plug
High-Use Time

● GOLD

Accessories

Aura Total Brush

Perforated structure
Designed for any hair type
Boar and nylon bristles

- PURPLE. REF: 42307. EAN 8436610471138
- GREEN. REF: 42306. EAN 8436610471145
- MAGENTA. REF: 42308. EAN 8436610471152

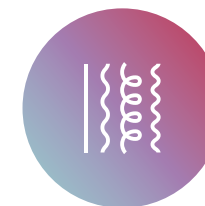

Display of 9 brushes

REF. 42305
EAN 8426610471169

Main Features:

Perforated
structure

Designed for
any hair type

Boar and
nylon bristles

- Double-curve design and perforated structure.
- Allows air to pass through, optimizing drying time.
- Ideal for preventing frizz.
- Boar and nylon bristles.
- Effortlessly and gently detangle knotted hair.
- Bristles designed for any hair type.

Spira Curl Defining

Toothed edges
All hair types
With boar and nylon bristles

PURPLE.
GREEN.

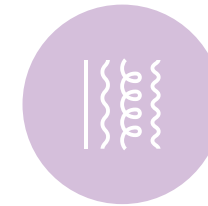

Main Features:

Toothed
edges

- Toothed edges that help separate hair.
- Suitable for all hair types: dry, wet, straight, curly, fine, thick.

All hair
types

- Structure made of wheat fiber and nylon bristles with boar hair.

With boar
and nylon
bristles

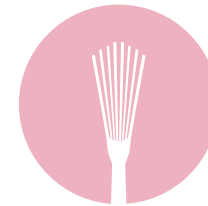

Gliss Detangling Brush

Detangles without pulling or breakage.
Flexible head with 8 bristles.
Gentle brushing.

● PINK.
● GREEN.

Main Features:

Detangles without
pulling or breakage

Flexible head
with 8 bristles

Gentle
brushing

- Helps detangle preventing pulling, breakage, and saving time.
- Flexible head with 8 rows of bristles.
- Gentle brushing that leaves hair healthy, shiny, and well-shaped.

How to use:

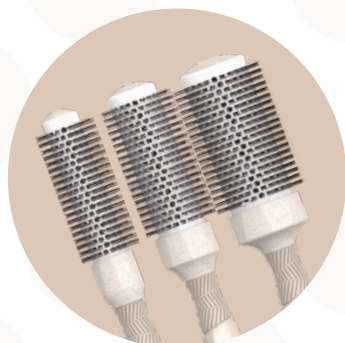

1. Apply conditioner to damp hair.
2. Section and detangle from the ends to the roots.
3. For stubborn knots, hold the brush vertically and brush gently.

VAHO Thermal Brush

Thermal brush
Eliminates static electricity
100% biodegradable

4 SIZES:

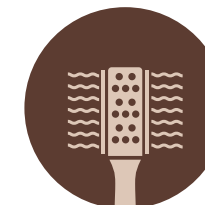

Ø 25 mm: REF. 42313. EAN 8436610471268
Ø 34 mm: REF. 42314. EAN 8436610471275
Ø 44 mm: REF. 42315. EAN 8436610471282
Ø 53 mm: REF. 42316. EAN 8436610471299

Main Features:

Ceramic thermal
brush

Eliminates static
electricity

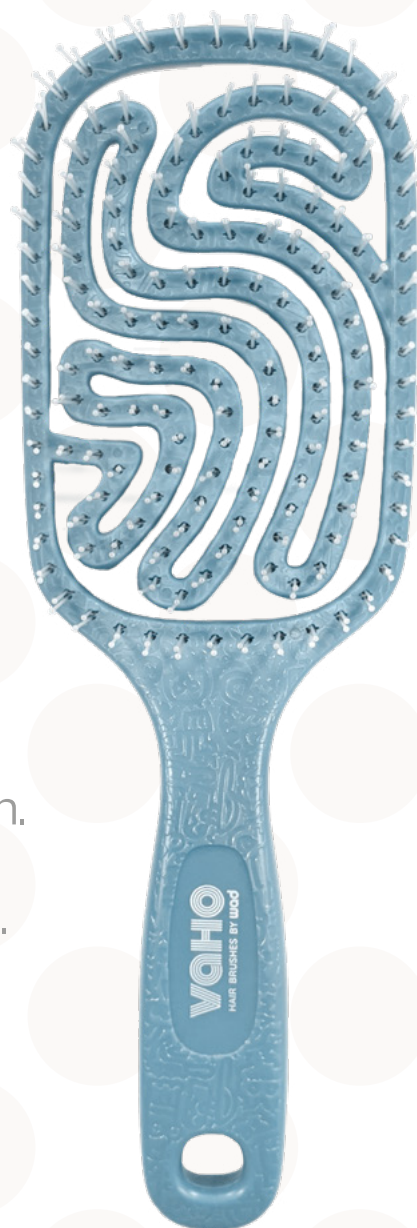

100% biodegradable

- Ceramic thermal brush.
- Eliminates static electricity.
- Distributes heat evenly, quickly, and lasts longer.
- Made with 20% wheat fiber.
- 100% biodegradable.
- Nano-ionic technology: Sterilized and free of bad odors.

VAHO Cyclo Brush

Double-curve design with ventilation.
Dual-layer bristles with ball tips.
PCR material with GRS certification.

- PURPLE. REF: 43787. EAN 8436610471435

- GREEN. REF: 43790. EAN 8436610471442
- BLUE. REF: 43788. EAN 8436610471466

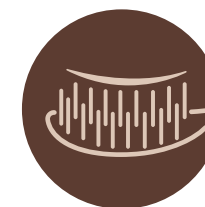

Display of 12 brushes

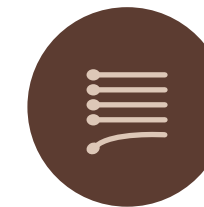

REF. 43786

EAN 8436610471459

Main Features:

Dual-layer bristles
with ball tips

Double-curve design
with ventilation

PCR material with
GRS certification

- PCR material with GRS certification.
- Non-slip handle with graffiti texture.
- Double-curve design.
- Ventilated structure.

- Compact model.
- Bristles with ball tips.
- Dual-layer bristles.

VAHO Leaf Brush

Leaf-shaped design.
Ergonomic double-curve design.
Biodegrades 95% faster.

- PURPLE. REF. 40514. EAN 8436610470414
- PINK. REF. 40513. EAN 8436610470407
- BLUE. REF. 40512. EAN 8436610470391

Display of 12 brushes

REF. 40577
EAN 8436610470452

Main Features:

Leaf-shaped
perforated body

Ergonomic double-
curve design

Biodegrades 95%
faster

- Biodegradable Detangling Brush.
- Leaf-shaped perforated body.
- Reduces drying time.
- It's ergonomic double-curve design and perforated structure, resembling a leaf, allow the air from the hairdryer to pass through the brush, optimizing drying time, even with cold air.
- Can be used with hot air.
- Perfectly withstands up to 80°C, though it is recommended not to expose the brush to heat for extended periods.

VAHO Ellipse Brush

Spiral perforated body.
Flexible, ultra-fine, tangle-free bristles.
95% biodegradable.

- PURPLE. REF. 40514. REF. 40510. EAN 8436610470377
- FUCHSIA. REF. 40509. EAN 8436610470360
- BLUE. REF. 40511. EAN 8436610470384

Display of 12 brushes

REF. 40576
EAN 8436610470445

Main Features:

Spiral perforated
body

Flexible, ultra-fine,
tangle-free bristles

95% biodegradable

- Spiral perforated body.
- Reduces drying time.
- Its ergonomic double-curve design and spiral perforated structure allow the airflow from the hairdryer to pass through the brush, optimizing drying time, even with cold air.

- Can be used with hot air.
- Perfectly withstands up to 80°C, though it is recommended not to expose the brush to heat for extended periods.
